JUNE NEWSLETTER

We have had two rally's since the last newsletter. Those who did not attend the Hannah Park rally missed seeing some of our "Gals" modeling their original designs. There is a video tape around somewhere - if it hasn't been picked up by a Hollywood agent. Despite the rain and storm, all in all we had a good rally. As always we had a good time at Hoboken. We enjoyed having Betty Joiner's mother visit with us. Thanks to D. C. & Helen Butts and Harry and Trudy Vickers for hosting both rallys.

The June rally will be at Eagle's Roost Campground June 14, 15, 16 (912)-559-5192 formerly KOA) at the Florida-Georgia line. Host - Lamar & Brenda Wilson; Joe & Dodie Bing.

Parking is $12.00 per night per couple. A $2.00 charge for each additional person each night. Cable is available for $2.00 per night.

DIRECTIONS: Located off I-75, exit 21, six miles North of the Florida-Georgia line.

EVENTS: Friday night will be steamed hot dogs & all the fixins. Sat. & Sun. breakfast. Saturday night will be a Luau, with all the trimmings furnished by your hosts. Get out your Hawaiian shirts and grass skirts. The cost will be prorated for breakfast and dinner.

Call your reservations in to Vicki Angelieri 396-0929 or Dodie Bing 285-4015 by June 7, 1991.

Vera Edge would like to thank you for all your cards, calls, and flowers in the death of her sister.

Thanks to Laura & Richard Brownell for preparing the letter in memory of Jake Fallin.

Hope to see you at Eagles Roost.

November 1991

Claudia and Raiford have gone to see the leaves, so I'll try to fill in.

September rally was attended by 13 coaches and was hosted by the Snyder's and the Schuttes. A good time was reported by all who attended with some very good food to go along with it. I understand Dick was busy all week-end looking for "pearls".

Some of the members went to Hannah park in October and was a little disp[illegible]inted. The November rally will be at Twin Oaks, Hoboken, Ga. Nov. 1, 2, and 3. The hosts will be Tony and Faye Guarino and Joe and Betty Joiner. They tell me you don't need to bring any food as they are doing it all. Witt and Mrs. are doing Sat.morning and Sat. evening, so you know you are in for a treat. They will have wittles waiting on everyone Friday evening. Sun. breakfast as usual. The cost will be divided among those attending. For those of you who have not been there before, take US-1 & 23 to Race Pond Road. Turn right and go 7 miles or to the first paved road. Turn left and watch for sign of Twin Oaks Park.

Checking on those who have been under the weather: Richard Brownell is improving but not as fast as he would like. Justine Sikes and Vickie Angelleri haven't been feeling too well. Both have been in the hospital.

With nothing else to report, see you at Twin Oaks.

Neighbors of RV convention aren't exactly happy campers

"You cannot have an event of this magnitude with the economic impact that this has without

Convention brings RVs to fairgrounds

■ From Page 1

events for participants range from visiting Walt Disney World near Orlando to shopping in Tampa.

The economic impact of the convention is huge, Ross said. The motor coach association pays $87,000 to the Florida State Fair Authority, but that doesn't include money that visitors spend on groceries, gasoline, meals and social events.

Ross

"This type of event has a major impact, wherever they go," Ross said.

The expo is open to the public or $5 today, Wednesday and Thursay, but visitors will have to park n private property the motor oach association is leasing for the ent. The property is south of the fairgrounds, across Dr. Martin Luther King Jr. Boulevard, but shuttles into the fairgrounds are available.

The Family Motor Coach Association Inc. has 83,000 active members. Events like this can draw more than 10 percent of those members from all over the United States and Canada, said Scott Brady, international area vice president for the association.

"This [one] usually brings 500 to 1,000 more because of Florida being such a great winter vacation spot," Brady said.

Monday, the 301-acre fairgrounds was so full of the boxcar-sized RVs that many had to be taken by caravan to camping areas near the fairgrounds, where buses were available to take participants back to the expo.

But as the RVs stacked up around the fairgrounds waiting to get inside, nearby residents who have consistently been oppos[illegible] events at the fair had m[illegible] nition in their fight for Hillsborough officials to have more control of the fair authority.

"My street is now a parking lot," Barbara Merritt, a neighbor and frequent critic of the fairgrounds, said Sunday afternoon. "All you see is RVs. We can't even back out of our driveways."

Parking and traffic congestion has been a sticky point between the fair authority and neighbors, and was one reason behind a lawsuit the county filed in September. In that lawsuit, the county asked a judge to decide if county zoning, building and environmental regulations should apply to the state fairgrounds.

County commissioners voted earlier this month to put off a fair authority offer to settle the laws[illegible] Commissioners instead sent a let[illegible] to the governor, Cabinet an[illegible] tors urging supp[illegible] rce the fair[illegible]

June 23, 1992

Dear Family and Friends,

I want to express my gratitude for all of your kindness, thoughts and prayers toward my Dad, Mom, and me. Daddy had 39 long days in ICU at St. Vincent's. Many of those days were painful for him. Through your prayers he endured and won many battles : 3 surgeries, pneumonia, high fevers, the ventilator, skin infections, water retention, and all administration of his medication and constant turning by the good nurses. His weakened heart finally failed him around 11:00 pm Tuesday, June 16,1992. Mom, George and I were at his side. The Lord had spared us, the family, from making the decision to remove him from the ventilator. The Lord also spared Daddy from cancer treatment. He died peacefully - no more sickness, no pain.

Mom and Dad would have been married 50 years this September. Daddy's strict English background carried over into their marriage. Mom's commitment, patience, forgiveness, and submission is a tribute to her love for my Dad. Daddy often said in these latter years he wouldn't know what to do without her.

Daddy was a good provider to his family. He loved us. He was a disciplinarian to my brother and me. Both of us in high school had to be in by 11:30 pm because he said "Nothing good ever happened after 12 o'clock." My brother was his "boy" and I was his "sweet little darling punkinhead". He instilled in us values of family, security, and love.

Many of you knew and loved Daddy . He loved to tell jokes, laugh, hug, eat, travel, be with his friends, and work with his hands. He loved to fish. He would feed his friends. He could cook a mean smoked turkey! He loved those Florida Gator Football games and all the comradery of the other fans. He was a problem solver and inventor. I can look all around the house, yard, garage, and motor home and see his handiwork and practical solutions to everyday tasks.

Many of you knew his sicknesses. He had a curvature of his spine, arthritis, bronchial asthma, diabetes, skin disorders from the medication, and finally cancer. He endured a lot of pain in his life but he did a fairly decent job of hiding his pain behind his laughter and going and doing for others. He was the bravest man I know especially in the hospital.

Perhaps what many of you don't know about Daddy is his relationship with the Lord. He was a new Christian. He accepted the Lord as his personal savior on May 6, 1992 just two days before his cancer surgery and subsequent hospital stay and finally death. If you would like to believe that

the cancer brought him to his knees before the Lord it may have but I am personally satisfied that the Lord had been working on his heart for quite a while. The cancer may have been the Lord's instrument to make Daddy's mind and heart accept Jesus as God's Son, repent of his sins, and accept the free gift of salvation from the Lord. George and I had been praying for Dad and Mom for years to accept the Lord as their savior. Our prayers were answered. Mom rededicated her life and accepted Jesus as her personal savior the same day!

We claimed a bible verse for Daddy in the hospital. It was Psalm 40: 1-3. The Lord did hear our cry. He did get Daddy out that horrible pit (ICU), and out of his miry clay (flesh). He did put Daddy's feet upon a rock (Jesus) and established his goings (Heaven). Now verse 3 says " And he hath put a new song in my mouth, even praise unto our God, and many shall see it and fear, and shall trust in the Lord." I am asking you right now to look at your own personal relationship with the Lord because we all will die someday and I would like Daddy's death to bring many others (you) to salvation through the Lord.

Thank you again for your love and support from my whole family. My brother, Don Greatrex, Jr. has also come home to us and he knows the Lord as his Savior too. We will all be with Daddy in heaven someday! What a Day, Glorious Day that will be when MY JESUS we shall see!

If you don't know the Lord, I hope you will repent of your sins and accept Jesus as your Savior today. As the preacher said, "There's only two ways to die: either in the Lord or out of the Lord." It is everyone's personal decision.

Much love and appreciation through Christ,

Carla Bass

Mother's Day

Dear Family and Friends,

It has been too short a time since I last wrote one of these letters about Daddy, but now it is time for me to write about Momma, Catherine E. Greatrex. First of all, she was my best friend and I will miss her forever. I know some of you who knew and loved her also feel the same way. My only comfort through my grief is to know that she is in heaven with Jesus and is waiting for us to join her there. She knew Jesus as her personal Lord and Savior and I know she is there with Him.

Momma was not sick very long. I remember that on Feb 8th, the "Lunch Bunch" had their monthly luncheon and she thought she had the flu. Her persistent complaint throughout was constant nausea. After two weeks of "flu", her doctors put her on antibiotics for "diverticulitis" , then started more intense tests with blood work, sonagrams, cat scans, barium tests, xrays and scopes. The doctors suspected liver cancer but could not diagnose the primary site. They did find a diseased ovary and we had the slight hope that the ovary may be causing her nausea. The doctors found more cancer than they even suspected during surgery on March 31st. We decided against chemotherapy. Don, George and I had her home with Methodist Hospice supervision for only one month before she died very peacefully in her sleep on April 30th.

My brother, Don, took a requested layoff from his work to be with us during Mom's illness. She was concerned that he would do that for her but I explained to her this way: "If she had lived a very long time and Don only came to see her on Sundays, these Sundays may only have added up to one month. So she should be thankful that during her illness she would have a month of Sundays with him." I am thankful to the Lord that He gave us a "month of Sundays" with Momma. We told her we loved her hourly instead of daily, we helped her by being able to be her homecare nurses, we had some meaningful talks, we laughed, we cried, we prayed and read the Bible and created some wonderful memories. We grew closer as a family than we have ever been.

Some of you have expressed that it just isn't fair. Well I can agree with you because I miss her so, but the Bible says "Come now, you who say, 'Today or tomorrow, we shall go to such and such a city, and spend a year there and engage in business and make a profit.' Yet you do not know what your life will be like tomorrow. You are just a vapor that appears for a little while and then vanishes away. Instead you ought to say, "If the Lord wills, we shall live and also do this or that." James 4: 13-15. The Lord did not promise our lives would be fair but I do know Momma is in heaven and ultimately at the end of our sometimes too-short lives.

we have an eternity with Jesus if you accept Him as your very own Lord of your life, and that is why we are put on this earth to learn to love God. And through God, we can love others around us.

Momma had that ability to love others and be a helpful, listening ear to those who needed to talk. She worked with her hands to help others. She loved her family and especially my Daddy. She told me once that she thought she was so weak after Daddy died but I told her then and I believe now that by being able to love Daddy for 50 years or more made her the strongest woman on earth. Proverbs 31: 10-31 was read at her funeral. The Lord continues to bless us through the Bible that these words written so long ago can have so much meaning when you can use them to describe our sweet, sweet, loving Momma. "Her children rise up and bless her; her husband also, and he praises her, saying: "Many daughters have done nobly, but you excel them all." Charm is deceitful and beauty is vain, but a woman who fears the Lord, she shall be praised. Give her the works of her hands,and let her works praise her in the gates. (28-31)

We are going to miss Momma and Daddy the rest of our lives. We, the family, would like to thank all of you for being friends with both our parents. You have shown us so much love and concern. We want to thank you for all your kindnesses: flowers, gifts, cards, letters, visits, phone calls, food and especially your prayers. If you would like to make a memorial contribution in the name of Catherine Greatrex to Methodist Hospice, the address is 580 W. 8th St, Jacksonville, Fl. 32209.

We love you all. If you know Jesus, we will all be together for eternity in heaven. There is hope in the the name of the Lord!

Love in Christ,

Carla and George Bass
